Australian and New Zealand Intensive
Care Research Centre Consumer and
Community Connection Committee

Join us today to make a difference

Have you been

A patient in intensive care in Australia or New Zealand?

OR

A family member, carer, or partner of someone who has been in intensive care?

What is the ANZIC-RC CONNECT?

ANZIC-RC CONNECT is a member registry of consumers with lived experience of Intensive Care.

Consumer engagement enhances research and aids in improving care for future patients. Your experiences and thoughts are valued in this process.

What is involved?

If you agree, we will communicate with you potential opportunities.

Topic areas may include:

Blood products collaboration

Nutrition

Recovery

Rehabilitation

Sepsis

Transfusion

Traumatic brain injury
